Algorithms for Criminal Justice Reform

Guest Speaker: Camelia Simoiu

12:00 PM, Bannan 139

April 19, 2018

Privacy, Personality and Progress on Surveillance

7:00 PM – 8:30 PM @ Mission Room, Benson Center

Dear Fellow Students,

The election for the 2018-2019 SBA Executive Board is this week, from 3/21-3/23! You'll be receiving more information from us on how to vote soon.

Please take a moment to read through the following statements that were submitted by candidates who are running for a position on the Board. Please also join us at the Election Forum from 1-2 pm Monday 3/19 in B139 to hear more from the candidates. Good luck to everyone!

The following statements are in no particular order. Not every candidate submitted a statement.

Kayleigh Chevrier & Mikaela Burkhardt for SBA Co-Presidents

Hi all! We, Kayleigh Chevrier and Mikaela Burkhardt, are excited to announce our candidacy for SBA Co-Presidents. Our hope is to bring a combination of both old and new perspectives to this role. We plan to continue building upon the excellent work done by this year's SBA board, improve upon old ideas, and creatively implement new ones that will further unite our school. With our transition into the brand new law school, Charney Hall, we are presented with opportunities for new growth and hope to retain SCU Law's tight knit community in this new environment. As Presidents, we will be regularly working with faculty, staff, LSOs, and Students. We will work proactively to further improve communication and transparency among these groups. We will encourage our students to participate more in SBA events, and will listen to all feedback so that the SBA truly serves its purpose as a representation of the student body. We will effectively manage and assist our executive board so that all programs and activities are successful and of benefit to the student body.

With our prior experience in leadership roles, we have developed the necessary skills required to succeed as SBA Co-Presidents. Mikaela currently has leadership roles on both the SBA and Women & Law Board, as has previously served as President and Treasurer in undergraduate organizations. Kayleigh currently serves as Co-President of Animal Law, External VP of FALS and has previously served as President in several undergraduate organizations. Our involvement in a wide variety of organizations on campus has given us the opportunity to develop personal relationships with many students and will help us to better serve our student body.

Feel free to reach out to either of us with any questions about our campaign! When you vote for SBA President, please consider #Mikayleigh2018

Evan Miller & Daniel Tayakin for SBA Co-Presidents

Our Experience:

Evan Miller: I have political experience working for Congressman Mike Honda. I am a 2L Class Representative, Co-Chair of the Legislative Committee, Vice President of the American Constitution Society, and have served on the Social Committee in helping to plan school events.

Daniel Tayakin: My first year I served as a 1L Class Representative and I also served on the Finance Committee assisting the SBA Treasurer with approving funding for student

organizations. This current year I have assisted different SBA Board members on multiple occasions with Bar Reviews and other social events.

Our Message:

We now sit at the cusp of a new age of Santa Clara Law and this requires a new brand of leadership for our student government. We recognize that Charney Hall will bring an attention and interest in our school that has not been seen for a generation. We will use this new sense of being to channel a student government that functions at a higher level than it ever has before. This year, the lowering of the GPA standard back to 2.33 is evidence of how student action can make a difference. We will use the SBA Presidency as a megaphone for the student body to advocate the issues that matter, even for the issues that fall outside the regular scope of the SBA (like scholarships, class schedules, and funding). When students thrive, the school thrives. When the school thrives, it improves our standing in the world. A better standing is something we can all benefit from; even after we graduate.

Our Plan:

Effective agenda setting: The power of the SBA President to set the agenda for the Board of Governors cannot be underestimated. We will prioritize those agenda items that are central to the interests of the student body.

Active Student Engagement: Beyond emails we will engage in new ways to gather the opinions and thoughts of students on all topics. An effective government needs to know what the constituents are thinking. This means, in conjunction with our Real Transparency initiative, that we will set town halls at times that are convenient for students and with agendas that are meaningful and relevant to the student body. (I.e. we will go to super draft and reserve times for town halls at noon.)

Barristers For All: The Barrister's Ball is an important event that all law students should be given the opportunity to attend. We have the expertise and the knowhow to assist the Vice President Full-time in putting together a Barristers that everyone can attend. No matter the cost, we will keep ticket prices stable and have a venue that fits all of us. We will do this without any compromises to the quality of Barrister's itself.

Support Part Time Students: Part time students make up a significant portion of our student population and deserve the same equal treatment as full time students. We will work closely, and diplomatically, with LSOs to provide accommodations to part time students. We will streamline the process for clubs to have their events recorded and be vigilant about informing part time students of the opportunities being made for them.

Support Law Student Organizations: Whether its a club, a journal, or a moot court board, law student organizations are the lifeblood of Santa Clara Law. Supporting LSO's is the centerpiece of our campaign platform. LSO's provide services to students, organize major events, and further career development. We will take actions to support LSO's in their efforts such as assisting with event planning, helping to secure funding, or ensuring events do not conflict. Save-dates are an important part of the LSO system and we will make efforts to ensure the integrity of save-dates and that LSOs do not have their events infringed upon.

Club Networking Event: We will seek to foster greater collaboration between clubs. Some of the best events this year were done as a collaboration between multiple LSOs (Law Student Organizations). We will organize a club networking event at the beginning of next year to allow LSOs to meet and create new partnerships.

Direct Democracy: The power to put forth initiatives in front of the student body has not been invoked for a long time. In order to further involvement and to improve decision making we will begin to allow the student body to make major decisions that involve student events and the next Barrister's Ball.

Reduction of Restrictions on Food Spending: Currently there is a ban on SBA funding for food for LSO events. We will work with the school administration to try to roll back some current restrictions to allow SBA funding for food. (Such as: Alumni Events, Networking Events, and Banquets). We will put forth a responsible plan with the input of all stakeholders. We will also look towards securing donations which could be used to fund food.

Real Transparency: We will take actions to make the SBA more transparent than it has ever been. No secret meetings. No hidden documents. We will set up an easily accessible Google Drive shared with the student body of all SBA meeting notes, expenses, and all notes relevant to SBA committees.

Committee Empowerment: The SBA committees are unique in that they are able to work independently and address specific areas of interest. We will empower committees further by ensuring that they meet regularly and report their progress to the Board of Governors and the Council of Leaders. Inactive committees will be dealt with swiftly.

Addressing Future Issues With Charney Hall: As beautiful, magnificent, and awe-inspiring as the new building is, it presents a whole new set of dynamics to the functions of LSOs and the student body. We will work closely with the school administration to ensure that the concerns of LSOs are being considered and that law students are able to study in a space unencumbered by noise and distraction.

Karin Hjorth & Dylan Wade for SBA Co-Presidents

We have great news! The two of us, Karin Hjorth and Dylan Wade, are joining forces to serve as Co-Presidents for the 2018-19 academic year and are asking for your support.

We both have the experience necessary to successfully lead the student government. With Karin currently serving as the Vice President of External Affairs and Dylan serving as a 2L Class Representative, our active participation in the student government has prepared us to lead and serve as Co-Presidents for the SCU Law student body.

Our mission as Co-Presidents is to promote a continued sense of unity within SCU Law. We will do this by (1) establishing and maintaining open communication between administration and the student body, and (2) ensuring the Board of Governors is both accessible and accountable. By following these two principles, we will continue to promote growth within SCU Law as well as help further establish SCU Law as one of the premiere law schools in the Bay Area.

Overall, we firmly believe one of the main goals of the Student Bar Association President should be to is to empower students to have their voices and ideas heard. Thus, as SBA Co-Presidents, we commit to encouraging involvement and working towards greater school unity to accelerate our individual and collective development here at SCU Law.

Katherine Rubschlager and Julia Schon for SBA Co-Presidents

As SBA co-presidents, we promise to be advocates for the interests of the Santa Clara Law student body and whole-heartedly represent the student body to the best of our capabilities. In doing so, we will work hand and hand with the administration to ensure our student body is aligned with the values and goals of our law school. As we move into Charney Hall, we will strive to celebrate our new home and make it our own within the upcoming year. This is an exciting time for SCU Law as we continue to grow into the premier law school of Silicon Valley. It is our goal to facilitate a smooth transition into Charney Hall and ensure we are all able to access all its resources and potential. We understand the importance of these next steps and believe with our previous board experience we would be the ideal student leaders to facilitate this transition into the next chapter of SCU law.

Thank you,

Katherine Rubschlager and Julia Schon

Shadi Kaileh & Marlene Isied for SBA Co-Vice Presidents of Full-Time Students

Hello Fellow Broncos,

We are Marlene Isied and Shadi Kaileh, and we are running together to represent you as Vice Presidents of Full Time Students. With Shadi having spent a full year as 1L Representative and Marlene as the alternate, we have forged strong relationships with the student body, faculty, and the previous SBA executive board. We understand how SBA works, the dynamics that exist, and we have participated in change that has occurred and wish to continue to see positive change for our beloved law school.

Shadi Kaileh

As 1L representative, Shadi advocated for a consolidated GPA calculation that includes the LARAW grade and a more reasonable disqualification GPA after listening to the requests and concerns of fellow students. He also helped plan Barristers and the SBA Talent Show, both which are key responsibilities of the Vice President of Full Time Students, and participated in SBA votes for things such as the Law Student Organization budget allocation.

Marlene Isied

During her time as 1L alternate, Marlene continued to remain involved in the decisions made by the SBA board by voicing the feedback of the 1L class. Additionally, she was involved in a number of other on campus activities such as the Galloway Moot Court competition and the Criminal Law Society. We believe that as a team, we would bring a well-rounded perspective to this position, and if elected, we promise to be passionate and diligent about our work in order to represent you to the best of our abilities.

Thank you for your consideration and we hope you will choose us to represent you as Vice Presidents of Full Time Students!

Goals

- Work with Law Student Organizations to help facilitate the planning of events that increase student participation.
- Actively reach out to the student body to better anticipate the demand for Barristers, and listen to student suggestions, in order to make sure we accommodate every student who wishes to attend and plan a great event.
- Revise and improve the risk management system for Barristers.
- Continue to grow SBA events such as the SBA Talent Show and the Student Olympics.
- Be readily available to receive feedback from the student body and communicate this feedback with the administration and SBA Executive Board.

Trish Sandhu & Ozzy Otamendi for SBA Co-Vice Presidents of Full-Time Students

Hi there! We're Trish & Ozzy, & we're running in hopes of becoming your next SBA Co-Vice Presidents. SBA VP has a lot of roles to fill, including planning Barristers, Bar Reviews, & co-chairing the Orientation committee. It's our hope to not only plan a Barristers Ball next year that is fun & affordable, but to also review & implement policies surrounding the event to reflect student concerns from this past year. In addition to Barristers & Bar Reviews, we want to create more events for students to connect & come together as a community, such as dance nights, intramural teams, carnivals, & much more.

Hi I'm Trish! This past year has afforded me the opportunity to meet many of you & get involved with various activities that have ultimately driven me to want to be an integral part of the SBA. I am currently a 1L Rep for the South Asian Law Student Association, an active member of the Social Committee, & volunteered as a tour guide for newly admitted students this semester (AKA saw the rest of the campus outside of Bannan for the first time). In short, I hope to give back to you all the wonderful experiences you've all given to me, & it would be an honor to serve as your SBA Co-VP. Fun facts: Not athletic but huge sports fan. Hit me up to discuss 90s and early 2000s TV shows. In n Out & Chipotle enthusiast.

Hi I'm Ozzy, & I am excited about this opportunity. Working as the 1L Rep for the St. Thomas More Society, and volunteering for Campus Ministry has given me the opportunity to get to know many of my fellow students. We want to improve events you all love like Bar Reviews and Barristers by talking to and taking input from as many people as possible. I believe that together, we can promote a successful student environment, and have fun while we're doing it. Fun fact: I like long walks on the beach and bomb burritos.

Michael Holcomb for SBA Vice President of Full-Time Students

The Student Bar Association Constitution begins with the phrase "We, the students." But sometimes, it seems as if the students are almost consulted after the fact after all the decisions have been made. Vice-President of Full-Time Student is not the face of the SBA but it has a crucial role to play in making sure that all voices are heard. If elected Vice-President of Full-Time Students, my goal would be to institute a full consultative process so that when decisions of the Social Committee and the Orientation Committee take into full account the views and expectations of all students. I've served in town government and student governments, and they

work best when all voices are heard. When all points of view are validated. And when everyone has a say in the final product. As Vice-President of Full Time Students, that would be my overarching purpose. To make sure that every decision those committees and the SBA as whole make, are student centered

Seralyn Fields & Angelica Leo for SBA Co-Vice Presidents of External Affairs

Hello Fellow Law Students!

Ya girls Seralyn Fields and Angelica Leo are ready to redeem themselves from their Galloway loss by being your new VPs of External Affairs. We are super excited to keep up Santa Clara's amazing reputation and continue to network with your future employers.

Together, we know we make a great team and have over 8 years of experience in leadership roles. Our excellent communication skills will also come in handy as we build relationships to promote your interests, expand our community network, and help maintain relationships with innovative members of the law community. We are highly committed to your future success and look forward to working with the SBA board to ensure this.

Let us know if you have any questions about our qualifications! Our emails are sfields@scu.edu and aleo@scu.edu. We will always be open to your comments, suggestions, and feedback about how to better our communications with those in our network.

Thank you for your vote!

Jonny Abrouk & Brittnie Panetta for SBA Co-Treasurers

I, Jonny Abrouk, and Brittnie Panetta are running to be our SBA Co-Treasurers. Between the two of us we have nearly 2 decades of financial experience. I have been involved with budgeting in multiple Bay Area start up companies and countless UCSB student-life events for the last 5 years. I have also served on the SBA Financial Committee for both 1L semesters to help get the most bang for our buck at all LSO events. Brittnie has brought fun in the sun for over a decade as a Chief Financial Officer for the same non-profit organization for 11 years straight. Not only that, but Brittnie also has experience as an Assistant Director for Financial Services and Financial Aid Advisor helping create a successful financial future for dozens of our peers. We promise to be as approachable, transparent, and accommodating as possible when working with our peers and hard-working LSO's so that we may help make our school the best place it can be! Together, Brittnie and I can bring Santa Clara Law a healthier and wealthier future for all!

Caitlin Mitchell for Director of Community Service

Hello everyone! My name is Caitlin Mitchell and I would be honored to serve as your Director of Community Service for the SBA.

The Director for Community Service, as I have come to understand through my involvement with SBA, is an important position for supporting our community in times of need. Many of us have participated in several community service events this past year through both the SBA and Law Student Organizations, and I hope to continue to focus on supporting our values at SCU Law. Our community time and again comes together to provide donations (clothes, food, etc.) whenever called upon, and I believe I have the skills that would allow me to coordinate and support these generous efforts.

I have a significant amount of experience in coordinating community service events from my involvement with previous organizations. I served on four executive boards during my years at the George Washington University where I obtained my undergraduate degree, all of which involved organizing community service events both individually and in a group. Furthermore, one of my primary responsibilities as a coach for FTC Team Axis 7187 Robotics was to coordinate our community service events regarding STEM outreach. These events taught me how to coordinate several volunteers, organize several types of community service, and that one of the most important qualities a community service coordinator can have is passion for their community. I have also participated in the SBA as a member of the finance committee, the legislative committee, and a 1L Representative. Through these experiences I have seen what our community is capable of to support others and want to do my best to encourage the values of the law school in the future.

I believe whole-heartedly that as your Director of Community Service, and with your support, we can continue our current efforts and help a lot of people in need!

Heim Kirin Grewal for Director of Community Service

Hi, I'm Heim Kirin Grewal. This year I am serving as one of the student bodies ABA's reps and I'd like to serve as your Director of Community Service for the 2018-2019 academic year. I believe that one of the great things about our school is how the students are so supportive of each other. I have seen students look after, mentor, and help lift each other up at this school. I want to help continue the traditions that encourage students to take the time to care for themselves, and to care for others at the school and the community at large. I hope that even as we move to a new building that we take with us our cherished traditions (1L donuts after LARAW week!) and maybe find some ways to incorporate new ones. Thank you for your consideration.

Sean Phillips for Director of Internal Communications

My name is Sean Phillips and I'm running for Director of Internal Communications. I am a 2L who is currently serving as the Co-Director of Internal Communications. If elected, you can count on me to continue to update the LSO websites and manage the Law-SBA listserv. I currently serve as Treasurer of the Family Law Society, Secretary of the Animal Law Society, and I am on various committees. My goal is to facilitate a seamless and integrated transition to Charney Hall this year, that allows the Student Body to continue to remain connected as a community. It is with this experience in mind that I will hopefully continue to serve the Student body and Law School.

STUDENT SERVICES NOTES

MARCH 19, 2018

Council Of Leaders Meeting

Wed., March 21
1:00—2:00PM in Bannan 139

Important Dates:

The 8 Pillars of Wellness

Emotional Wellness Pillar

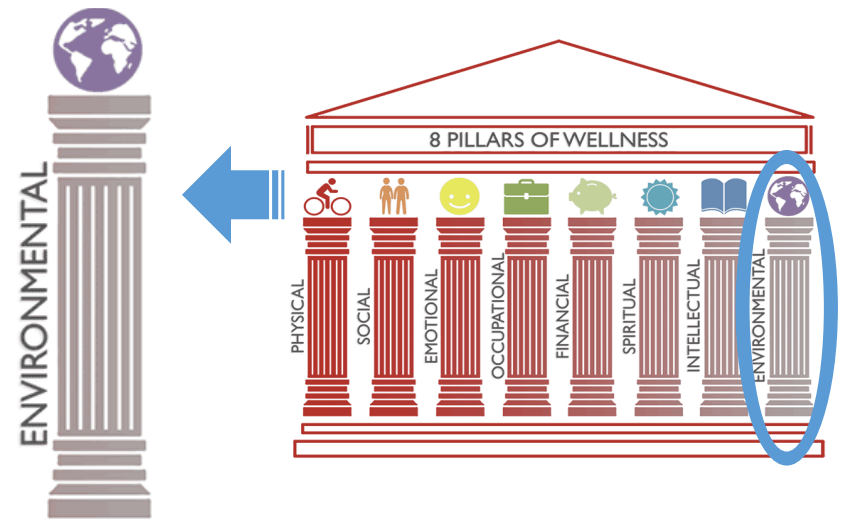

Wellness Task Force members, Katie Rabago and Lauren Cotton, at the Cowell Center

You can keep your emotional wellness a priority by utilizing counseling appointments with Law Student Services, Cowell, or the interactive stress and relaxation program.

The 8 Pillars of Wellness

Environmental Wellness Pillar

(Left) Amanda Lee, 3L, holding the Pillars at the benches outside Charney hall. (Right) Jill Klees, Director of Student Life, enjoying the flowers outside Bannan Hall.

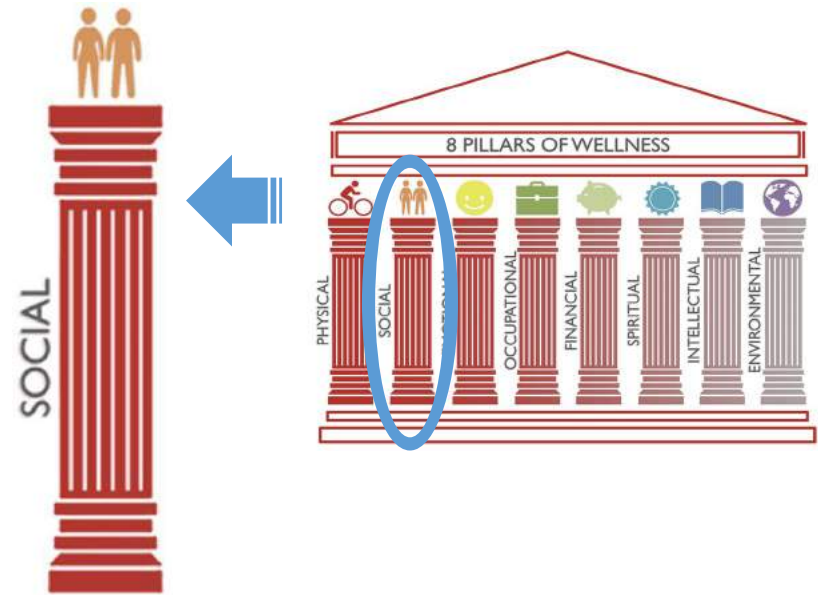

Our surroundings can have a significant impact on our overall mood and level of stress. SCU hosts a variety of spaces on campus for you to discover what environment promotes your personal wellness.

The 8 Pillars of Wellness

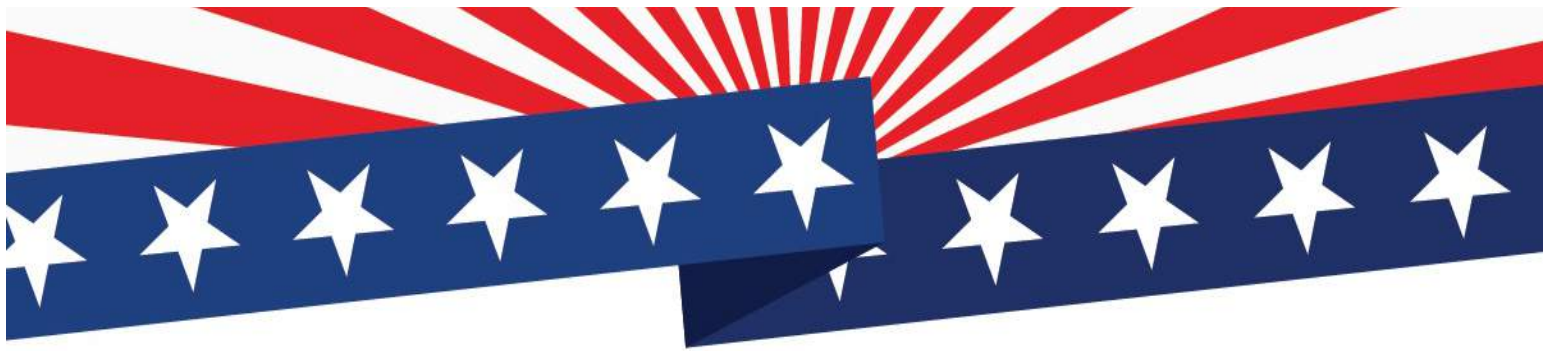

Social Wellness Pillar

Students come together to combat stress with a four legged friend at a Puppy Party hosted by the Health Law Society.

A feeling of community and connection is important to building resiliency and combating the stresses of law school.

The First Amendment at the Polls

Join Wen Fa, an attorney with the Pacific Legal Foundation, to discuss his current SCOTUS case, *Minnesota Voters Alliance v. Mansky*, supporting voters' rights to wear political apparel at polling places.
