

# SANTA CLARA UNIVERSITY

June 11, 2015

Dear Members of the University Community:

As part of the overarching Santa Clara 2020 Integrated Strategic Plan, several campus facilities will be constructed or renovated under our Facilities Master Plan, to accommodate increased enrollments and help achieve strategic goals and objectives.

As part of that; a new unified facility for the School of Law will be constructed on the northeast corner of campus. The School of Law, strategically located adjacent to the Leavey School of Business (Lucas Hall), will be part of a new professional neighborhood, bridging academic partnerships across business and law

The first phase of this exciting addition will begin early this summer with some

utility work being done on the south side of the Third Mission Lot (east of Lucas Hall). Parts of that lot will be closed as utility infrastructure is updated and relocated in preparation for the new building.

3rd Mission Parking - Soon to Be Law School Site

The next phase will occur later in the summer when the entire Third Mission Lot will permanently close for Phase I Environmental Mitigation.

Vehicles displaced by this closure will find ample parking available at the North Campus Garage located just off of Franklin Street between The Alameda and Alviso Street.

As we get closer to the lot closures, we will send out additional notifications and details.

As always, thank you for your continued support and patience while we strive to improve our ever growing and ever changing community.
