Jeff Klaben
Managing Member, TrustTeq LLC,
Adjunct Professor,
Santa Clara University

As a seasoned CISO and CIO, Jeff focuses on solving complex organizational and technology leadership challenges and building communities of trust to achieve break-through innovation. His teams have rolled out groundbreaking trust and collaboration solutions across high-tech, biotech, R&D, healthcare and software engineering. As a Professor, Klaben designs and teaches advanced courses in interdisciplinary communication, cybersecurity, data privacy, AI ethics, incident response, and forensic investigation as adjunct faculty for Santa Clara University's Schools of Graduate Business, Law, and Graduate Engineering. For a decade, he also voluntarily chaired the San Francisco Bay Area InfraGard (a 501 (c)(3) non-profit dedicated to public/private information sharing.
