

Professor Derek Bambauer Brooklyn Law School

Derek Bambauer teaches Internet law and intellectual property at Brooklyn Law School. His scholarly research focuses on intellectual property, information control, and cybersecurity. Bambauer has also written technical articles on data recovery and fault tolerance, and on deployment of software upgrades. He has presented on issues including spam, Internet filtering, and cybersecurity internationally, in both technical and legal policy settings. Bambauer is one of the authors of [Info/Law](#), a popular blog that addresses Internet law, intellectual property, and information law.

A former principal systems engineer at Lotus Development Corp. (part of IBM), Professor Bambauer spent two years as a Research Fellow at the Berkman Center for Internet & Society at Harvard Law School. At Berkman, he was a member of the OpenNet Initiative, an academic consortium that tests and studies Internet censorship in countries such as China, Iran and Vietnam.
